ATLANTA, Ga., Oct. 4.—The Constitution's special dispatches received so far indicate Stephens has carried nearly every county, and his majority points to forty or fifty thousand in the State. The regularly nominated Democratic ticket for State house officers will be elected.

COLUMBIA, Ga., Oct. 4.—The election to-day for Governor and members of the State house of Representatives in this county. The indications are that the whole Democratic ticket will be elected in the 4th Congressional district by a party in this county. The Macon Democratic ticket received over 90 per cent of the votes cast. The State senators' majority of both parties, and the State house officers were elected without opposition.

AUGUSTA, Ga., Oct. 4.—The election passed off quietly. Only half the regular vote was polled in this county. Stephens' majority is about 1,200. Reports to the Chronicle indicate that every county in the Congressional district has gone Democratic. Mr. Stephens' majority will be about 6,000 in this district, and in the State 40,000. As estimated, Barke County, in the first district, gives Garret from 600 to 700 majority.

ROCK, Ga., Oct. 4.—This county Republicans and the Democratic State ticket are about five hundred ahead. Two of the Democratic nominees for the Legislature are elected and the third doubtful. A very small vote was cast.

AUGUSTA, Oct. 4.—The vote throughout the State is not as large as was expected. A falling off in the vote of both parties, and considerable apathy among the colored people who were expected to vote solidly for Garret. Stephens' majority will not be less than 40,000.

Connecticut Democracy.

HARTFORD, Conn., Oct. 4.—The Democratic State convention met in this city to-day, and effected a permanent organization by the election of James H. Gallagher as president. The Committee on resolutions reported a platform, which was adopted by a large majority.

The resolutions, which are unusually plain, assert the supremacy of the people, and the independence of the State in the exercise of all powers not assigned to the general government, and declare persistent opposition to all the strained interpretations of power made in the Federal constitution. They advocate strict economy in the expenditure of public moneys, restriction of appropriations from the national treasury to objects clearly of a national character; the revision of the internal revenue law and of the tariff that shall not exceed the present needs of the government, and shall establish a tariff upon the only constitutional basis, the protection of such industries as are necessary to the general welfare, and no protection to mere monopolies; they favor legislation to secure the abolition of all unnecessary offices; the clearing from the civil service of all retainers of politicians, and the future appointment of such persons only as shall have proved themselves most fit by the tests of merit provided by law, and open to the free competition of every citizen; legislation appropriate to afford more thorough protection against fraud in the use of the ballot. They also cordially approve the veto of the river and harbor bill.

The result of an informal ballot for Governor was as follows: Waller, 28; Morris, 10; E. A. Brick, 52; scattering, 9. Mr. Waller has received a majority of the votes cast, was declared nominated by acclamation. Geo. G. Sumner, of Hartford, was nominated for Lieutenant-Governor, and after consulting the State ticket the convention adjourned.

Humboldt Again.

I saw so much said about the merits of Hop Bitters, and my wife who was always doctored, and never well, teased me so urgently to get her some, I concluded to be humbugged again, and I am glad I did, for in less than two months' use of the Bitters my wife was cured, and she has remained so for eighteen months since. I like such humbugging.—H. T. St. Paul, Pioneer Press.

Grand Military Opening at Trade Palace.

Messrs. Young & Williams, of the Trade Palace, are pleased, this morning, to extend to the ladies of Knoxville a most cordial invitation to attend their fall opening of Paris Hats, Feathers, Flowers, etc., which take place at the Palace to-day. The Trade Palace is the center of attraction now. A Chronicle reporter called there last night and found all hands busy arranging for the grand exhibition of beauties to-day. One year ago we called attention to the Palace, especially to the tree of beautiful Plumes. This time the tree is a marvel of beauty, far surpassing that exhibited one year ago, the plumes being larger, richer in color, and more artistically arranged, the tree being surrounded with a beautiful white canopy, which takes place at the Palace to-day. The stock was purchased by Mrs. Say, the milliner, who has few superiors in the county in point of taste. There is no trouble in finding all the latest styles at the "Trade Palace," and the throng of customers indicates that the ladies are aware of the fact.

We must not overlook the dry goods department. Here is one of the most complete and best selected stocks of dress goods, trimmings, notions, etc., ever brought to Knoxville, specially selected for the trade by Mr. G. W. Lumbert, who has charge of that department, and who is the best dry goods man in the county.

Morristown's Boom.

The Chronicle, a few days ago, noticed the departure for Greenville, S. C., of Maj. A. H. Gregg and Col. O. C. King, two of Morristown's most public spirited and enterprising citizens, and Col. Campbell, of New York, their object being to attend a railroad meeting, whereby they are to found three lines of road were to be consolidated into the Carolina, Cumberland Gap and Chicago Railroad. Major Gregg telegraphs the Morristown Gazette from Greenville, S. C., as follows:

"The railroad is a fact. Governor Hagood, of South Carolina, has accepted of the consolidated road. Let Morristown boom!"

Why Should They?

No man or woman can do satisfactory work when the brain is dull, the nerves unsteady, the system relaxed and they feel generally wretched. Why should anybody drag through their work in this condition, when a bottle of Parker's Ginger Tonic will, at moderate cost, give them the strength and will to perform their duties satisfactorily.

County Court.

In the County Court, yesterday, Judge E. C. Skaggs, chairman, presiding, in the case of Lewis Anderson, who contests the election of W. B. French, as justice of the peace in the 21st district, the court decided that it has no jurisdiction, and an appeal was taken direct to the Supreme Court.

Morristown's Municipal Election.

The municipal election at Morristown last Saturday resulted in the election of Hon. Wm. McFarland as mayor, by 11 votes over Maj. W. D. Gammon. Mayor A. H. Gregg was not a candidate for reelection, although earnestly solicited to do so. The following aldermen were elected: C. D. Merrett, J. B. Mitchell, Harvey Loop, W. P. Carriger, B. F. Mitchell, T. D. Craig.

Change of Schedule.

A change of schedule is to go into effect over the E. T. & G. Railroad next Sunday, but only slight changes are to be made. The change is for the purpose of arranging a schedule on the Oltewah and Red Clay branch, and the new route to Atlanta, which is now open for travel.

We understand that a change is contemplated soon on the Ohio division, by which the passenger train will leave Knoxville in the morning and return in the evening, reversing the order of things.

Baptist Church Revival.

Rev. Dr. C. H. Strickland, the pastor, is holding a protracted meeting at the First Baptist Church this week, which promises good results. The meetings are largely attended each night, and a deep interest is manifested in all the services. Last night there were four professions of religion and a large number of penitents at the altar.

The Jonesboro Fair.

JONESBORO, TENN., Oct. 3, 1882.

MR. EDITOR: This is the opening of the eleventh annual exhibition of the Washington County Fair. The day is beautiful, and the opening the best we ever had. For eleven years this society has held its exhibitions without a single failure, and although the receipts have largely exceeded the expenses each year, the stockholders have persistently refused to declare a dividend on the stock, but annually expend the money in improving the grounds and increasing the premiums. Its management has been such as not only to secure the sympathy and support of the people of this county, but that of the adjoining counties. They have always been fortunate in having capable and efficient officers, and much of the present success is attributable to the efficient and energetic management of the president, J. E. T. Harris, and W. G. J. Jones, secretary.

The society offered for the best quality, greatest variety and best and largest display of farm, orchard, garden and dairy products, produced on one farm and exhibited by one farmer and his family, \$50 for the first, \$30 for the second and \$20 for the third. There have been four entries for these premiums, and some of them have on exhibition over two hundred articles. These four entries alone, amounting to near one thousand articles, make a most respectable exhibition of itself. The entries up to this time exceed that of any previous year, both in number and quality. There are many fine entries of stock on their place, and the enclosure for the purpose of feeding the multitudes who may attend; so you see no one need go away hungry.

Perhaps the most notable improvement in any one department of our exhibition is in the floral department and decorations. The display of flowers this year is far ahead of anything before seen, and is greatly to the credit of the exhibitors. The display of the aesthetic among our people.

A good deal of stock have been entered, but very little brought to-day. It is not usual to bring them in before the morning of the second day. We hope to-morrow to be able to give our readers a fuller account of what is on exhibition. Truly, &c., FELIX.

"INDIAN DEPARTMENT," WAS HERBERT, D. C. I am anxious to introduce Dr. Bull's Cough Syrup among my Indians, having used it myself for several months, and think it one of the finest remedies I ever found. I assure you, it is the only thing that ever relieved me of a protracted cough, brought on by exposure while on the Sioux Commission last year.

A. G. BOUNE, Agent for Ponies and U. S. Commissioner.

The death is reported at McKinney, Texas, October 1st, of Rev. J. C. Cowan, formerly of Rogersville.

Capt. Ross Smith, of Jonesboro, a former well known and popular conductor on the Memphis and Knoxville road, has again accepted a similar position on the road. He will be welcomed back by numerous friends.

According to the Monroe Democrat, Mr. Elbert Kerr, clerk and master at London, has purchased the Osborne farm, of 900 acres, four miles from Philadelphia, and will convert it into a stock farm.

During the fair at Sweetwater, John Jones sold his race horse "Chota," to H. B. Heiskell, of Rhea County, for \$500, says the Democrat.

We regret to learn, from the Post, that our worthy friend and patron, W. H. Bryant, Esq., of Athens, was stricken with paralysis on Saturday, Oct. 3rd, and is now in a precarious condition. There are signs of recovery. Vitality, however, and his recovery is hoped for.
